

A Note from Charlotte and Catherine:

Welcome back, we hope everyone has had a relaxing half-term break.

Phonics Screening:

As you are aware, children in year 1 will take part in the phonics screening test this half term. We are working really hard every day to improve children's reading skills and any further practice at home will be great for your child. Reading your child's school book, newspapers, magazines or labels will all help to improve your child's letter and sound recognition and help prepare them for their screening. The screening will take place during the week starting **10th June**, it is very important that children are in school for all of this week, For any further information about this please come and see me.

This term in class we are learning about...

Our topic for this half term is 'Dinosaur Planet'. We will be learning all about dinosaurs and how they became extinct. In our topic lessons, we will be complete scientific experiments, designing our own dinosaurs and writing about what we have learnt.

Seascape Primary School

Year One, Class 3 and 4 Newsletter

New classes:

Children will soon be finding out which class they are in and who their teacher will be in September. Children will have the opportunity to visit their new teacher regularly during this term to ease the transition into year 2.

Important Reminders:

Please be aware that it is school policy to pick your child up from the bottom of the steps of the year 1 doorway. We are not allowed to let your child walk around the fence area alone as we cannot clearly see that each child has been collected by the correct adult. We also ask that children walk round to the steps on a morning rather than being lifted over the fence.

Please remember that children in year 1 should now be coming up to the cloakroom on their own each morning.

*Thank you
Charlotte &
Catherine*
