

A Note from Charlotte and Catherine:

Welcome back, we hope everyone has had a relaxing Easter break.

Phonics Screening:

As you are aware, children in year 1 will take part in the phonics screening test this term. We are working really hard every day to improve children's reading skills and any further practice at home will be great for your child. Reading your child's school book, newspapers, magazines or labels will all help to improve your child's letter and sound recognition and help prepare them for their screening.

For any further information on the year 1 phonics screening check, we will be hosting a parent workshop. Please look out for the parent mail coming soon with further information.

This term in class we are learning about...

Our topic for this half term is 'Enchanted Woodland'. We will be learning about different changes in the seasons, plants and trees, animals and lots of geography too. We hope as the weather is beginning to change we can spend lots of our afternoon lessons learning outdoors.

Year One Newsletter

Important Reminders:

Homework- All children in year one are now receiving weekly spelling and maths homework online via the spelling shed website. Children are expected to complete their set game 3 times each week. Children who do not complete their homework at home will join a lunchtime club to do so. If you are unable to access this at home, please sign up to a homework after school club.

Please see your child's teacher if you do not have the log on details.

PE- Please remember that all year one children have PE on a Thursday. Full PE kit will be needed every week, as the weather changes we will be completing PE outdoors. Please ensure that your child brings appropriate footwear.

As we are getting closer to the end of the school year it is important that year 1 children come up to the classroom on their own on a morning. We are trying hard to encourage children to be independent in preparation for year 2 in September.

Thank you
