

I am excited to continue our learning journey and build on all the superb progress that we all made last year.

If at any point you wish to discuss any issues then please do not hesitate to contact me.

This term in class 7 our Topic is, Mighty Metals.

We will be exploring the wonders beneath sea level from the Great Barrier Reef to water bodies closer to home. We will get the chance to study different sea creatures and even create and design our very own! Our Art skills will be put to the test when drawing and sketching detailed pictures of the sea and all that live in it.

Year 4 will be continuing their Music appreciation lesson each week by listening to different pieces of music and expressing how it makes them feel. By using different pieces of music, the children will be writing stories based on the interpretation of the music.

Times Tables.

There is a big push for all children to master their times tables. Please allow your child to access mathshed.com to practice.

Educational Visits and assemblies this half term:

There are no planned school trips at this time.

shorts or tracksuit bottoms). No earrings are to be worn on PE days!

Also, please send in a pair of wellies (labelled) as we will be enjoying playtime outside all autumn long.

As school provide all stationary there is no need for children to bring in their own.

Homework:

All children's homework will be completed online for Maths and Spellings. Homework will be set on Wednesday and it is expected to be completed by Wednesday 9:00am of the following week. If children cannot access the internet at home, there will be a homework club Monday and Tuesday after school. If homework is not completed at home, they will have to miss some of their lunch and do it Wednesday lunch time. Both Spelling and Maths homework will now be completed using spellingshed.com.

We believe children's reading skills will progress at a greater rate if they were given more opportunities to read in a comforting environment. Therefore parents and carers will be expected to read with their children at least three times a week in KS2.
